APPLICATION FOR REGISTRATION OF PESTICIDES (Please read carefully before applying for registration)

All pesticide products must be registered by WSDA prior to distribution in Washington. The registration of existing products is continued when a complete application (including fees) is received by WSDA, unless you are notified otherwise. All products are registered for a 2 year period. Any subsequent product registrations must be for the same 2 year period. However, WSDA recommends that **discontinued products** be registered for 2 years to allow products to clear distribution channels. Discontinued products do not need to be re-registered when there are no remaining products being distributed.

- ☐ APPLICATION FOR REGISTRATION OF PESTICIDES Form and NEW PRODUCT REGISTRATION Form:
Return the Application For Registration Of Pesticides form (and the New Product Registration form, if applicable) with your application fees. Upon approval, a certificate for the registered products will be sent to you.
- ☐ APPLICATION FEE
The application fee is \$290.00 per product for a two year period. If you are registering a product during the second year of the cycle, submit \$145 per product. Make checks payable to **WSDA**. There is no fee for SLN registrations (except for stand alone SLNs.)
- ☐ LABELS (Only For New or Revised Products)
Submit two (2) copies of the final printed label (including federal supplemental labels). For label booklets, we also recommend submitting a copy of the label text on 8 1/2 x 11 paper. We do not require submission of additional graphics (e.g. DOT placards) or 2(ee) use recommendations. If the product label has been revised to add uses from federal supplemental labels or 24(c) labels, please cancel the applicable superseded supplemental or 24(c) labels.
- ☐ CONFIDENTIAL STATEMENT OF FORMULA (Only For New or Revised Products)
Products will not be registered until the CSF has been submitted. Mark the CSF as "CONFIDENTIAL" in red. If the product formula has changed, submit one (1) copy of the revised CSF.
 - **EPA registered products:** Submit one (1) copy of the EPA approved CSF. If the product name and/or registration number are not correct, write the current information on the CSF. The CSF must disclose all active and inert ingredients. Please refer to WAC 16-228-1420 [General Pesticide Rules] and RCW 15.58.060(1)(c) [Washington Pesticide Control Act]. If your CSF is a 100% repack and refers to another company's product, have that company forward a CSF to WSDA.
 - **Supplemental distributor products:** Submit a letter of authorization from the basic registrant. The letter should include your company name, your product name, and the EPA distributor registration number. A copy of the EPA approved CSF must be on file with WSDA, or be submitted to WSDA.
 - **Spray adjuvants:** Complete and submit the WSDA Spray Adjuvant CSF form (AGR 630-4325). If your CSF refers to another company's product, have the company forward a CSF and a letter of authorization to WSDA.
 - **25(b) products:** Submit the complete formula (all ingredients) by chemical name and percentage.
- ☐ MATERIAL SAFETY DATA SHEET (Only For New Spray Adjuvants and New or Revised 25(b) Products)
- ☐ SUPPLEMENTAL INFORMATION FORM AGR 630-4119 (Only For New or Revised Spray Adjuvants)
